

## **Rechargeable Battery Recycling Programme (Announcement of Public Interests)**

When they're alive  
they contribute a great deal to our planet  
And even when they die  
they can help make the world a greener place

Support the Rechargeable Battery Recycling Programme  
Don't throw away old rechargeable batteries  
Recycle them so they can be made into useful materials  
Look for the collection boxes and help recharge our environment!  
Use more rechargeable batteries from now on!
